

## CMMC 2.0

### Required for DoD contractors

CMMC regulation was originally announced January 31, 2020. And almost two years later, November 2021 CMMC 2.0 was announced. The latest information we have, CMMC 2.0 will go into effect May 2023 and be in contracts by July 2023. The three new CMMC 2.0 levels are listed below.

#### The new CMMC 2.0 is listed below:

- CMMC 2.0 Level 1 - Fundamental
- CMMC 2.0 Level 2 - Advanced
- CMMC 2.0 Level 3 - Expert

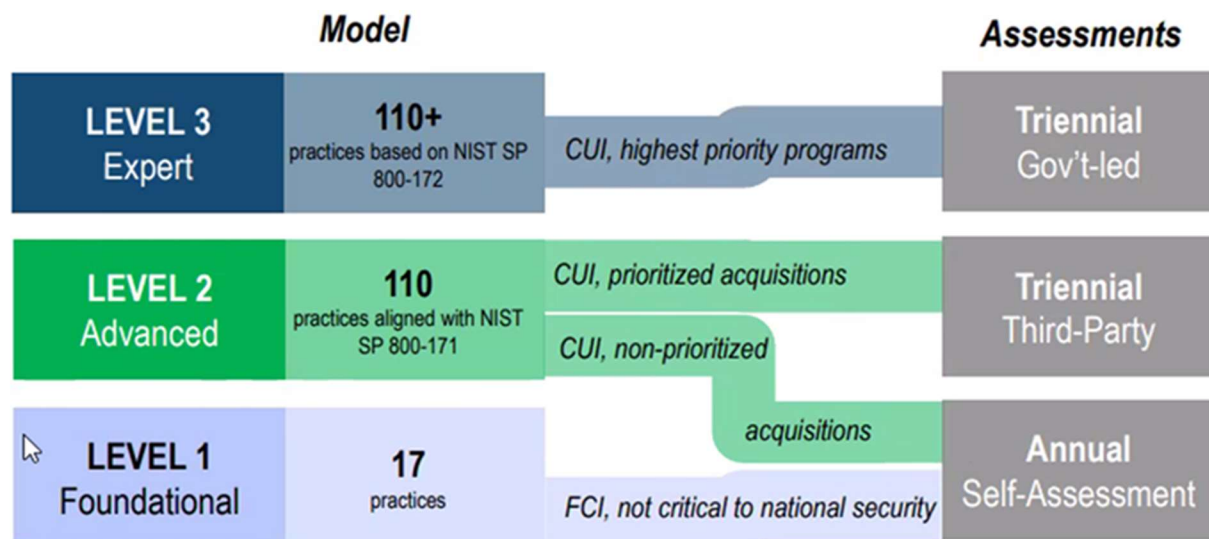

CMMC 2.0 Update, the changes reflected above, eliminated levels 2 and 4, and renaming the remaining three levels in CMMC 2.0 as follows:

Level 1 (Foundational) will remain the same as CMMC 1.0 Level 1;

Level 2 (Advanced) will be similar to CMMC 1.0 Level 3;

Level 3 (Expert) will be similar to CMMC 1.0 Level 5.

CMMC 2.0 tailors model and assessment requirements to the type of information being handled.

CUI is non-classified information that requires safeguarding or disseminating controls by the government. If your contract agent has not informed you, and if you are not sure your company has CUI, you can review this subject at the National Archives Controlled Unclassified Information (CUI) | National Archives.

Note: The information in this webpage reflects the Government Department's strategic intent with respect to the CMMC program. The Department will be engaging in rulemaking and internal resourcing as part of implementation, and program details are subject to change during these processes.
